

Development, Business and Building Services

Development, Business & Building Services (DBBS) is the first point of contact for customers into the Planning & Development Services department. DBBS' goal is to support customers until their businesses are operating and Calgarians are living in their homes. DBBS enables Calgary's vision for communities and businesses that are safe, vibrant and sustainable.

What we do

- Permit applications and inquiry services
- Business licensing
- · Development facilitation
- · Building safety and inspections
- Subdivision inspections
